# Print Production Artwork Requirements

## PLEASE NOTE:

All artwork must be submitted in CMYK (not RGB/HEX)

## General File Set Up

Please provide artwork in native forms whenever possible:

- Adobe Illustrator and Adobe InDesign, Photoshop files are preferred.

When creating multiple-panel signs/structure graphics(booth back walls, etc.):

- Use Adobe Illustrator for layout
- Create artwork using one artboard for entire graphic. Don't use separate artboards for artwork spanning more than one panel.
- Include 3cm bleeds on all sides
- Convert fonts to outlines
- Embed all linked images

## Images

Rasterized pixel-based images such as PSD, TIF or JPGs should be high resolution (150-300 dpi) at full size, 1:1 ratio. This includes images linked or embedded in InDesign or Illustrator files.

Based on viewing distance, below are some basic guidelines for resolution when working with formats such as PSD, TIF and JPG files.

### 120x250cm Graphics and larger

Recommended resolution for graphic at full size dimensions:

- Viewing distance of 30~120cm - 200 dpi at full size
- Viewing distance of 150~300cm - 150 dpi at full size

Minimum resolution for graphic at full size dimensions:

- Viewing distance of 30~120cm - 150 dpi at full size
- Viewing distance of 150~300cm - 100 dpi at full size

### Graphics smaller than 120x250cm

- Viewing distance of 30~120cm - 100 dpi at full size

## Preferred File Formats

- Adobe Illustrator (Ai or EPS): Outline fonts and embed all link.
- Adobe InDesign: Package all fonts and links
- Adobe Photoshop (PSD, TIF, or JPG): For image files

## Checklist

- SET DOCUMENTS MODE TO CMYK
- USE APPROPRIATE DIMENSIONS AND SCALE
- SET APPROPRIATE BLEEDS ON ALL SIDES
- CHECK IMAGE RESOLUTION
- CONVERT FONTS TO OUTLINES
- EMBED IMAGES / SAVE & PACKAGE YOUR FILE
- INCLUDE PDF PROOF

## Artwork Submission and Template Download

# Wired Internet

## Submission and Order form Download

[CLICK HERE](#) to submit your order form and download order form file.

### ■ Service Availability

Only GIGA Lite wired internet (up to 500 Mbps) is available.

### ■ Fees

Installation fee: KRW 220,000 per line (VAT included)

On-site applications will incur a 25% surcharge

### ■ Connection Policy

Only one device per line is permitted

Wireless routers, splitters, or any connection-sharing devices are not supported

Please order the same number of lines as the number of devices you intend to connect

### ■ Installation Schedule

Installations will be carried out collectively on the final installation day

Service will be available starting from the first day of the event.

### ■ Installation Location

Please mark the desired installation location on the floor plan and submit it accordingly.

If no location is provided, the installation will be carried out at a randomly assigned location.

The Following information is required.  
Please submit the completed form to Goodplan.

### Submitting Installation Location

Before Submitting the Location, please note that if the exact installation location is not clearly indicated, the line may be installed at a randomly assigned location.
